

TALES AND TAILS

Volume 1/ Issue 4

Denali, and Aubrielle Prewitt

The focus at WHHS this summer has been our area youth.

Our area youth and their volunteerism this summer has blown WHHS AWAY! From volunteering at WHHS, walking dogs, sponsoring pets as they await their forever homes. Many have done goods drives, kitten presents, lemonade stands, and blanket collections. Our area youth keep giving back to our no-kill pet shelter.

Thank you to our young readers this summer! Our furry friends loved the one on one time. Every week Debbie came up with games, crafts, and one on one time to help our area youth “Responsible Pet Owners in Training”. The animals loved the attention, and the children made “Adopt Me” dog bandanas, signs, dog treats, and cat toys. They played spay/ and neuter game, walked dogs, cleaned kennels, and gave our furry friends baths.

Proceeds benefit Western Hills Humane Society

Volunteers needed! Western Hills Humane Society is looking for weekly volunteers to help our no-kill pet shelter! You don't have to be an animal expert to help out at your community's shelter. You just need to have the time and desire to lend a helping hand, and it doesn't have to be a lot of time either. In fact, whatever you do for a living, you're bound to have skills and talents Western Hills Humane Society can use. Go to our website westernhillshumanesociety.com or stop by WHHS at 324 Industrial Dr. to learn more about our volunteer opportunities!

WHHS Senior for Senior Program! Audrey T. has been a Pawsitive Partner for years making monthly donations to WHHS. Her feline companion had died about 6 months ago. Aubrey felt she was ready to adopt a new furry friend and she was drawn to Lady Stoneheart our senior office cat. Our Senior for Senior Program waives adoption fees for senior pets to be adopted by senior citizens.
